## SUMMARY

Results-driven Front-end Developer with hands-on experience in creating dynamic, responsive, and scalable web applications. Passionate about building exceptional user experiences using modern front-end technologies. Strong understanding of responsive design principles and cross-browser compatibility. Adept at working in collaborative environments and integrating front-end components with back-end logic.

## EXPERIENCE

### Frontend Developer Internship

**Saral Tech** | Dec 2024 – Jun 2025

- Designed and developed interactive user interfaces using **React.js**, implementing reusable and modular components.
  - Collaborated with designers to convert **Figma/UI mockups** into pixel-perfect front-end designs.
  - Ensured full **cross-browser compatibility** and implemented **responsive layouts** for mobile, tablet, and desktop.
  - Used **Tailwind CSS** to speed up styling and maintain a consistent visual layout across projects.
  - Managed source code using **Git**, created pull requests on **GitHub**, and worked with multiple branches for feature development.
- Tools/Technologies Used:** React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Git, GitHub.

## PROJECT

### One-Page Website

- Created a fast and optimized one-page website using React.js.
- Implemented smooth scrolling and interactive animations for better user experience.
- Used Tailwind CSS for styling and responsiveness.
- Optimized SEO and page speed for improved performance.
